

Professional Capacitors

Aluminum Electrolytic Capacitors

Conductive Polymer Capacitors

Hybrid Polymer Capacitors

Aluminum Electrolytic Capacitors

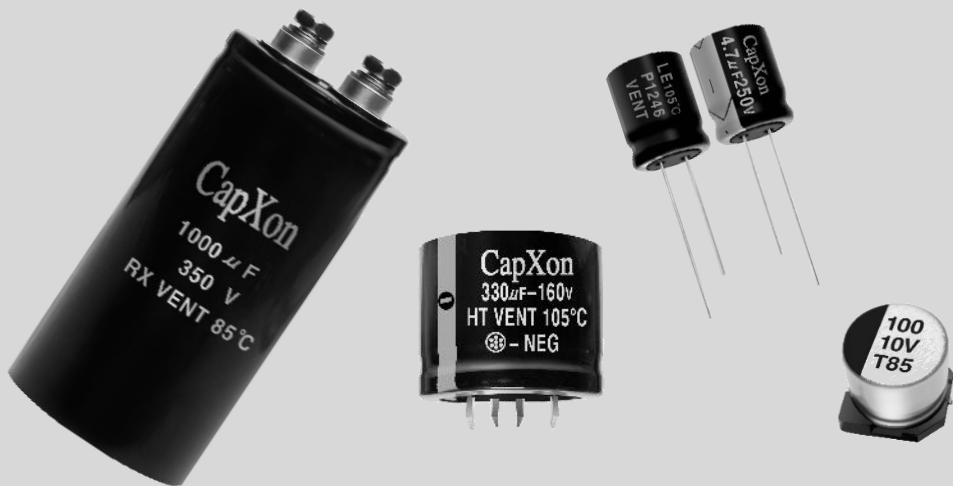

Professional

SCREW Type

SNAP - IN

RADIAL Type

SMD Type

LOW ESR at High Frequency Range

High Voltage 650V

Long Life and High Reliability

High Ripple Current

High Temperature 150°C

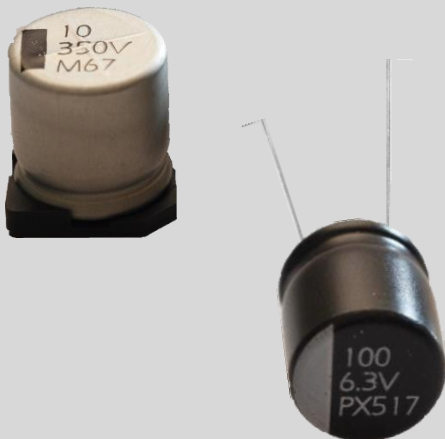

Automotive Available

Conductive Polymer Capacitors

Professional

RADIAL Type

SMD Type

400 V
customized
available

LOW ESR at High Frequency Range

High Ripple Current

Long Life and High Reliability

High Voltage to 250V in Radial Type

High Voltage to 100V in SMD Type

Hybrid Polymer Capacitors

Professional

RADIAL Type

SMD Type

LOW ESR at High Frequency Range

Long Life 3.000 to 10.000h

High Voltage 100V

Capacitance Range 10 to 330uF

Customized Types - Please Consult Us!
